

NSDCF

April 27, 2017

Ms. Cris Ann Ritenour
Norwin High School
251 McMahan Drive
North Huntingdon, PA 15642

Dear Ms. Ritenour:

At its April 25, 2017 Quarterly Meeting, the Norwin School District Community Foundation Board of Directors considered eleven applications for the Educator Innovation Grant (EIG) program. With available funding of \$1000.00, the Board of Directors was able to fund only one project that will enhance learning opportunities for students during the 2017-2018 school year.

The NSDCF is delighted to inform you that your project, Stop the Bleed, has been selected for funding in the amount of \$925.00. You may now begin the process of ordering the materials necessary to make this project a reality. When you are ready to send the order, send me a note and I will provide you a check to cover the costs up to \$925.00. If you plan to pay the cost from your personal funds or through your school, please inform me as to whom the reimbursement should be made. In either case, I will need a copy of the invoice as we are required to have documentation of expenditures for our auditors.

You may be asked to assist us in providing a news release to highlight the EIG program within the Norwin School District. Also, you will be asked to provide the Directors with a progress report for its winter quarterly meeting. We will provide you with ample advance notice for these requests.

Thank you for your desire to enhance the teaching and learning process. On behalf of the Board of Directors of the Norwin School District Community Foundation, I offer our best wishes to your success with your project and all your efforts to stimulate the intellectual curiosity of your students.

Sincerely,

John C. Boylan, D.Ed., President
Norwin School District Community Foundation
